**Durham, Granville, Person and Vance counties**

## **If you are a professional, AA wants to work with you**

**Are you a professional who might benefit from information about alcoholism and help for people with drinking problems? Local AA members are willing to provide assistance. Cooperation with the professional community is one of AA's objectives, and has been since our beginnings. We are always seeking to strengthen and expand our communication with you, and we welcome your comments and suggestions. They help us to work more effectively with you in achieving our common purpose: to help the alcoholic who still suffers.**

## **A resource for the helping professional**

**Professionals who work with alcoholics share a common purpose with Alcoholics Anonymous: to help the alcoholic stop drinking and lead a healthy, productive life. We can serve as a source of personal experience with alcoholism and as an ongoing support system for recovering alcoholics.**
